

STATE MONEY FOR LOCAL SCHOOLS

SEEK MORE BENEFITS FOR CITIES IN NORTHERN PART OF THE COUNTY

Hour Ambulance Service Is The First Objective On Agenda

More county benefits for cities in the First Township were the objective of a meeting last Thursday of city executives from northern cities formed an organization for the specific purpose of seeking mutual problems of county government.

The first action taken by the new group was a decision to be 24-hour county ambulance service for the four cities, through resolution to be presented to the county board of supervisors.

Resolutions will be introduced at the various councils citing the lack of adequate ambulance service as well as the inability of privately owned hospitals in the area to handle all emergency cases. The group, which will be known as the "North San Mateo County Council," hopes also to obtain emergency hospital service for the area.

Another project of the new council will be a unified attempt to acquire recreation facilities at the former Tanforan navy base. Representatives at the meeting indicated they felt the county had "checked down" on its intention to acquire the base as a north county recreation park site.

Charles Behrends Enjoy Week End in Hawaii Visit

Our candidates for the farthest-traveling week-end vacationers of the year are Mr. and Mrs. Charles Behrends, of Daly City, who are enjoying a week-end visit to Hawaii. Mr. Behrends, who went to wait last week end for a casual visit with his daughter, the Behrends left Daly City last day morning, boarding a Pan American plane at Mills Field at 8 a.m. and arriving in Honolulu that evening. On Saturday night they watched the luxurious Lurline for her Honolulu port en route Los Angeles — and returning Sunday morning, they passed her way home.

In all, the Behrends spent three days with their daughter, Dale, a librarian for the Dole People Company at Honolulu. After a four-day week end, we think they did alright.

ALL-CITY JUNIOR OLYMPICS TOURNAMENT SCHEDULED FOR NEXT WEEK

Journey Designed to Test Effect of Summer Training

Sprint races, hurdles, sprint relays, shuttle-hurdle relays, high jump, broad jump, shot put, foot ball throw and distance kick will be featured next week in the all-city junior Olympics speed tournament on the high school football field.

Sponsored by the Recreation Department as a part of its wide summer program, the tourney is designed to test the effect of summer training so far and to gauge children's interest in track and field.

Competition will be held in the years and under class; the 11-12 year-olds, and the 13-15 year-olds. Contests also will be held for girls in two divisions—11 years and under, and 12 years and under.

The Olympics tourney is main feature of the program's Athletic Week, July 12-17.

Lions Seat New Officers Recently At Gala Banquet

Arnold Panella, new president of the Daly City Lions Club, officially accepted his office recently at an installation banquet in the Benjamin Franklin Hotel, San Mateo.

The official gavel—a prized possession of the club, autographed by Speaker Joseph Martin of the House of Representatives—was presented to the new chief by Stanford Hannah, retiring president. Hannah was awarded a pin honoring his office as past president.

Installing Officer Samuel Carpenter, past district governor of the Lions Club, seated these new officers:

Arnold Panella, president; Elio Fontana, first vice-president; Ira Neville, second vice-president; Gilbert O'Shaughnessy, third vice-president; John Ferrari, treasurer; Richard Crane Jr., secretary; Joseph Belli, tail twister; and Joseph Lewkowitz, Lion tamer. Michael Callan and Walter Lehigh will make up the new board of directors.

Music for dancing was provided by Johnny Dell and his "geniuses at work." A jive piano number, the "12th Street Rag," was played by Melford Battie during the entertainment interlude. Gil O'Shaughnessy played a clarinet solo, and a vocal solo was rendered by Muriel Shaddox, granddaughter of Ed Weisenburger.

In all, Chief Kennedy said, the "Fourth" week end was one of the quietest in years.

"Quiet Week End" Short On 'Crackers,' Fire Chief Says

The exploding of small firecrackers was heard periodically in Daly City, but no arrests were made over the Fourth of July holiday.

Fire Chief Elmer Kennedy said this week that no damage was reported and few complaints were received about noise. He opined that the few explosives touched off within the city were obtained from outside the city limits. A close watch had been maintained on all possible sources of firecrackers here.

Is your dog numbered among your most cherished possessions? And if so, have you taken the most minute precautions to insure that he remains safe, and can be identified in case of emergency?

If not, it is time now to register your canine—whether he be purebred or mongrel—and secure his 1948-49 identification tag. Whether or not he wore a license last year (he should have, if he didn't), your dog must wear one this year if he lives in Daly City.

A licensed dog is never a lost one, according to Police Chief Wilbur Sunderland, who is in charge of the issuing of dog licenses for the City of Daly City. By wearing his license tag, which carries the telephone number of the police station as well as the license number, your dog can be easily identified no matter what the emergency.

As good a reason as any for a dog-owner to purchase a license, according to the police chief, is the law which compels it. It is a law which protects your pet.

Man Electrocuted In Accident In P.G.E. Substation

Services were held Tuesday for Dick Schultheis, 36-year-old Daly City painter, who died last Friday of injuries sustained when a ladder he was carrying touched an electric power line in Livermore.

Schultheis was electrocuted by the contact of his steel ladder with a high voltage cable in the P. G. & E. substation at Livermore. According to workers who witnessed the accident, the Daly City man was carrying the ladder out of the substation "because it was dangerous in there around the wires."

Taken to St. Paul's Hospital while still unconscious, Schultheis later was given a "fair" chance to live. He died, however, three days after the accident.

A native of New York City, the deceased had resided in Daly City for nine years. He was employed by the General Waterproofing Company of San Francisco.

Besides his wife, Ada, Schultheis leaves two daughters, Alice and Dixie, and his parents, Mr. and Mrs. Emil L. Schultheis.

Services were conducted from the chapel of W. C. Lasswell Mortuary, followed by inurnment at Olivet Memorial Park.

20 D.C. Musicians To Play Next Month In Hollywood Bowl

Hollywood, Calif. — This glittering hamlet of movie stars was jerked out of its chronic state of sophistication this week with the announcement that in addition to 20 representatives from Daly City, an estimated 4000-5000 other Junior Musicians of America will descend upon the film land city August 15 to stage the greatest mass musical concert since pre-war days.

These Junior Musicians, drawn from 11 of the Western States, will be presented together in Hollywood Bowl Sunday afternoon, immediately following the broadcast of the nation-wide philharmonic concert over C.B.S.

This is expected to be the largest orchestra to play anywhere in the world this year.

Junior Musicians of America are presented once yearly in an elephantine musical festival, under the sponsorship of the National Institute of Music and Arts, in conjunction with the Institute of Educational Music.

Observers state that only by going back to pre-war years will historians be able to find an orchestra of comparable size. In the last Concert before World War II 5,000 Junior Musicians of America played together in concert in the same Hollywood Bowl.

It is possible that more than 20 Junior Musicians will make the trek to the Bowl from Daly City this year. Michael Wexler, local music instructor affiliated with the National Institute of Music and Arts, said yesterday that others may decide to join the Hollywood-bound group.

Average property tax levied per \$1,000 of valuation in San Mateo County was \$60.36 for 1947-48, compared with the state-wide average of \$50.53 for 1947-48 and with the \$53.30 levy in the county for 1946-47, California Taxpayers' association said today.

Total property tax levy in the county for 1947-48 amounted to \$10,492,450. Assessed valuation of taxable property for the year was \$173,818,809.

Levy for 1946-47 amounted to \$8,170,791, while the taxable valuation of property in the county was \$153,289,277.

Washington, D. C.—Secretary of Labor Lewis B. Schwellenbach says "Working man and his wife should buy United States Savings Bonds to

DALY CITY BAND TAKES FIRST PRIZE AT REDWOOD CITY

Colma Firehouse Quiet Without Its Radio

The firehouse on Market street down Colma way is awfully quiet this week — no baseball games, no jive music, no news broadcasts blaring from its interior.

What's more, the volunteer firemen who make the place their haunt are dragging around these days with morose faces. Their only luxury — their radio is gone.

The firemen hope that whoever "borrowed" the radio so stealthily is getting full enjoyment out of it. Only a sore need, they think, could prompt anyone to take their one means of recreation.

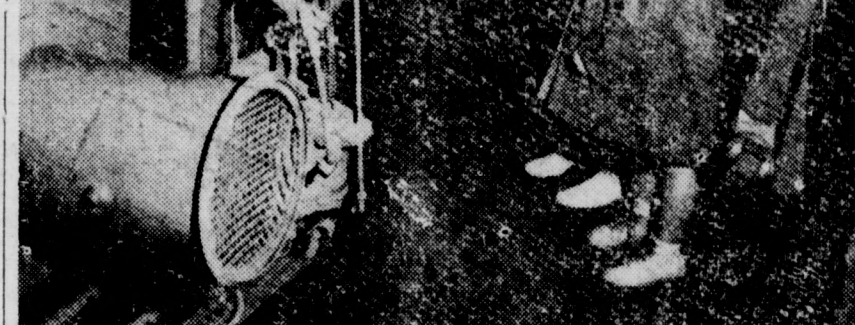

Meeting Of The Trolley And The Street Light

Municipal Railway and P. G. & E. workers were called to the scene last Friday when a north-bound streetcar came into too intimate contact with one of the city's street lights.

The car, motored by J. F. Lennon of San Francisco, got its trolley pole caught in the guy wire in the 8200 block on Mission street.

Tension of the wire caused the pole to jerk loose from the trolley wires, knocking the street light loose from a nearby lamp post.

Workers were called to replace the street light, which by this time was hanging on its service wires, and to guide the trolley pole back onto its line.

A miracle of modern industry took place at the Bay Area Industrial Exposition when Gregg Wittenmeier, took over the controls of a steam generator and turned it into a choo-choo train.

Fascinated by the machine, an exhibit of the Bosler Corporation are (left to right) Karen Hauser of Orinda (Contra Costa County) and Gayle Wittenmeier of San Francisco.

SCHOOL TEACHERS WILL RECEIVE PAY RAISE

Redwood City Sets Peacetime Record

San Francisco Navy Recruiting Headquarters announced today that Redwood City recruiting station, located in courthouse, set a new peacetime record during June when 25 boys joined the Navy for three years from Redwood City station.

Chief E. D. LaPointe, in charge of Redwood City station, reports that most of the boys are high school graduates joining under the Navy's new "Choose Your Technical School Plan." Under this plan a boy is sent to a technical school of his choice, and assured of specializing in that technical trade during his three years in the Navy. There are 28 schools to choose from, among which are electrician, dieselrepair, draftsman, and airman. This program will be sharply curtailed or stopped on July 31.

A benefit whist will be held July 12 at Masonic Hall, 4705 Third street, at 8 p.m. Proceeds will be given to the new Bethel U. D. International Order of Jobs Daughters. Score cards are 35 cents.

Win Again, But --- Brenner Repeats Plea For Pants

Despite the handicap of worn-out trousers and ill-fitting uniforms in general, the prize-winning Daly City band chalked up another sparkling victory last Sunday, taking the grand award for "general excellence" in Redwood City's Fourth of July parade.

It was their outstanding music ability and their marching style which turned the trick, apparently, Captain George Brenner said. For their uniforms are anything but snappy, what with the holey, frayed condition of their pants. Next time though, Brenner said, it might not work. Next time there may be a catastrophe.

Sooooo . . . there just won't be any "next time" for the band in this vicinity, according to the city's patient but tiring bandmaster. Not unless something is done by the merchants or by the city fathers about getting some wearable pants for their players.

The Daly City Band, Brenner says, and many residents agree, has for years been the city's best advertising medium. And it's time the community assumed some of the responsibility along with the glory.

Building Permits, Values Reaching New High Here

Construction of new buildings in Daly City during the past fiscal year totaled 258, at an estimated value of some \$2,360,000.

A report released this week by Arthur J. Bodien, city building inspector, revealed that almost exactly the same number of buildings went under construction from January through June, 1948, as from July through December, 1947. Building permits were issued for nine more commercial buildings during the first half of the fiscal year than for the last.

During the entire year, permits were issued for 233 dwellings, 113 alterations and 23 commercial units.

Estimated value has increased from \$912,795 for over-all construction during the 1947 portion, to \$1,450,805 during 1948. Increased estimates are apparently due to a more strict enforcement of evaluation methods instituted at the start of 1948, as well as to increased building costs.

Permits also were issued recently by A. W. Russell, county building inspector, for 61 new homes in Broadmoor Village and five near Colma.

Teen-Age Club To Reorganize

By Ralph Capps
Next Friday, July 16, will be nomination and election night for the Wig Wam (Daly City teen-age club).

All the latest records will be available and requests will be played. For the non-dancers there will be ping-pong, checkers, chess, and good fellowship. And for everyone — full refreshments.

The purpose of this dance will be to elect new officers who will plan vast changes in the club and once again get the ball rolling for a wholesome and more eventful future. Only club members will be admitted.

Membership cards may be purchased at the door, provided you meet the simple requirements:

1. The applicant (male or female) must be at least 13 and not over 19 years of age.
2. He must live in the Jefferson School District.
3. He must agree to conduct himself in an orderly manner and live up to the rules as designated by the executive committee.

Simple, huh? Membership cards cost 25c and are good any four Friday nights. The money pays for new records, games, equipment, and decorating expenses.

The hall (the remodeled fire house) is donated by the city recreation department. A director and a peace officer are present at all times.

Boys and girls are urged to clean up and decorate the hall. Volunteers please be at the special meeting 7:15 Friday evening, July 7, before the regular dance.

It's your club, gang, and the recreation department is behind you one hundred per cent. It's up to you to make it tick. Remember the time, 7:30 p.m., the date, Friday, July 16, the place, No. 5 firehouse, on Bellevue near Oliver street.

County Republican Women To Meet At Belmont, Friday

The initial meeting for laying campaign plans of the San Mateo County Council of G.O.P. Women, will be held Friday, July 9, at a luncheon at Belmont. Enoch L. Richardson, general campaign manager, will be present to advise on the mapping of strategy and Richard Dolwig, state assemblyman, will be a speaker.

In each town a campaign representative will work under the direction of Mrs. Merritt K. Hosmer of San Carlos. Mesdames Gloria Venturi, Thomas Callan, Rudolph Rapsey and Gertrude Zinke will represent South San Francisco, Colma, San Bruno and Loma Park, respectively.

Precinct work will start at once. In September, campaign headquarters, under the auspices of the Council, will open at Redwood City, with Mrs. Myrtle Clark Stears of Atherton, and president of the Council, in charge. South San Francisco will be under the direction of Gertrude Zinke.

Eagles Auxiliary To Sponsor Whist Next Wednesday Evening
The public has been invited to attend a whist party to be staged next Wednesday, July 14, by the Ladies Auxiliary of Eagles in the San Jose avenue hall.

BIG ALLOCATION FROM STATE FUNDS IS JUST ABOUT A "SURE THING"

Cab Breaks Into Bank of America; Doors Smashed

Violation of the city ordinance which requires drivers to turn their wheels to the curb when parking on hills sometimes has serious repercussions.

Last Saturday, for instance, a Royal Cab driver's alleged negligence resulted in several hundred dollars worth of damage to the front doors of the just-recently-renovated Bank of America. Parking his cab on Bepler street near San Jose avenue, James Tuohy apparently didn't check on the position of his wheels.

And the cab, never missing a chance, slipped its brakes and ran down hill, across San Jose avenue and smashed into the vestibule of the bank — opening the outside doors on its way.

Joseph Leonetti, assistant manager of the bank, said the doors would be replaced at the cost of "several hundred dollars." Meanwhile, police are keeping a closer watch on the building which, since last Saturday, has remained thoroughly lighted all through the night.

Doris Vallerga, Roy DeVincenzi Display Art Work

Bay Area critics and commercial artists got a view recently of the work of two local young artists, at the opening of the San Francisco Art Center's summer exhibit.

The occasion was a reception at the art school's penthouse studios on Geary street. Doris Vallerga and Roy DeVincenzi, young Jeff graduates now attending the school, were two of the students displaying their work. Miss Jean Turner, director, was hostess.

In an island setting of leis, gardenias and grass skirts, Doris' and Roy's works were numerous among the illustrations on exhibit—travel posters, book and magazine illustrations, fabric designs, fashion illustrations and theatre arts.

Doris' exhibit included several fashion plates, while Roy showed a series of stage settings.

Also on display were the original stage set, costume and lighting designs which DeVincenzi created especially for the 1948 aquacade, "Braziliana," at Jefferson High.

It's your club, gang, and the recreation department is behind you one hundred per cent. It's up to you to make it tick. Remember the time, 7:30 p.m., the date, Friday, July 16, the place, No. 5 firehouse, on Bellevue near Oliver street.

FORMER D.C. MAYOR VOICES OPPOSITION TO DOELGER ANNEXATION

Lord's Supper To Be Celebrated Sunday At Ocean View Church
The Communion of the Lord's Supper will be celebrated this Sunday at 11 a.m. services in the Ocean View Congregational - Community Church.

The Rev. Joseph H. Bennett, pastor, will speak on the topic, "Life as a Sacrament." An invitation has been extended to all members of the community to attend this worship hour. A nursery is maintained during the service, for young children.

Sunday school classes are held at 9:45 a.m. each Sunday for all age groups.

At 7:45 p.m. this Friday, members of the congregation and other residents of the community will assemble at the church to consider plans for the new church buildings and arrange a plan for their construction.

\$480,231 Is Amount "Ear-Marked" For Daly City Schools

Acquisition of the \$480,231 of state funds needed to complete the Jefferson Elementary School District's "austerity program" of construction was seen almost as a "sure thing" this week.

R. L. Crane, ex-superintendent who is continuing his executive duties until the arrival of the new superintendent, James Snell, received word this week that the allocations board of the state board of education had approved the district's request. It is subject now only to final review and approval by the finance board.

Crane telephoned Sacramento for the information on receipt of a letter from Dr. Charles Bursch, assistant chief of the board of education's schoolhouse planning division, that he had approved the district's school construction plans and given a favorable recommendation to the allocations board.

Architects' plans now are being completed for the addition to Woodrow Wilson School and for a school at the Garden Village site. Work on these will get underway immediately upon receipt of final approval, Crane said.

The money to be allocated by the state will be combined with some \$348,000 made available to the school district through a bond issue last September.

El Carmelo Drum Major Wins Trophy In R.C. Parade

El Carmelo Parlor, Native Daughters of the Golden West, missed out on the prizes at the Redwood City Fourth of July parade Sunday, but its drum major, Miss Verna Moresco, took top honors.

Verna was awarded first prize in the drum major class for her work at the head of the parlor's drum corps.

Following majorettes Lorraine Renner and Betty Duffy in the huge Independence Day parade Sunday were Doris Vernengo, Johanna Schwarz, Marie Gilbreck, Ellen Pieri, Kathleen Day, Nadine Little, Dorothy Linehan, Barbara Ford and Yvonne Hulme.

Council Hears Pros And Cons At Tuesday Night Meet

Hugh H. Smith sr., ex-mayor of Daly City, raised his voice against territorial expansion Tuesday night at a public hearing on annexation of the Doelger properties west of Daly City.

Presenting his claims orally as an "interested citizen," Smith told the council in no uncertain terms that he would oppose the annexation. He said the move would be "extremely beneficial to the new territory, but would be detrimental to the old."

"If this large tract to the west is annexed to Daly City," Smith informed the council, "everything will move down there, and property value in the now established sections of town will drop."

The council disagreed.

Arthur J. Bodien, city building inspector, opined that in two years there will not be a single vacant lot left within the present boundaries of Daly City — that without annexation, the town will be forced into the position of a "walled city."

Smith, reiterating his determination to fight annexation proceedings, stated he would force the issue to a decision by the people — "to a referendum, if necessary."

THIS WEEK IN HISTORY — BASTILLE DAY

The capture of the Bastille by a mob on July 14, 1789 was of no real importance itself. But it became a symbol of resistance to oppression — a symbol which has inspired the French on a number of occasions since then to rally in defense of their freedom.

Today the French are being hard put to preserve the individual rights which they gained 159 years ago and have lost and re-won several times. With the Communists still exerting heavy pressure from the left and the De Gaulists pressing hard from the right the present government in Paris has had a shaky career. That it has held out so long is little short of miraculous.

But in spite of the national political uncertainties France is making a notable economic comeback. Industrial production has shown a sharp upturn, and this year the crops are the best since the war. Marshall Plan aid, of course, will also help greatly.

At best, the road ahead will be rugged but the courage and determination which have enabled the French to recover from other grave setbacks will carry them through again. To a valiant people we extend our best wishes on their "Fourth of July."

STILL GOING

Congress has adjourned. But Washington reports say that the town is still dripping with lawmakers. Maybe some of them are afraid to go home, but quite a few are enduring the Washington heat because of official business — some of which has to do with monkey business. One of Congress' favorite pastimes is investigating this or that. All during the regular session the boys are busy looking into the activities of various individuals, organizations and Government bureaus. Apparently this is so interesting and enjoyable they don't want to stop. So after Congress adjourns the investigations roll merrily along. One man in Washington who wishes ALL the congressmen would go home is Interior Secretary Krug. The executive sub-committee had him on the hot seat for hours questioning him on the alleged high pressure methods of his bureau to get unnecessary millions for the Central Valley project. Mr. Krug got very hot. Many witnesses do. It's the Washington heat y'know.

CALL A HALT

Veterans who want to learn the art of mixology — how to mix drinks — can't expect Uncle Sam to foot the bill for such "training" in the future under the G.I. Bill of Rights. The old gentleman has decided to stop paying for that type of "education." And there will be no more money for dancing, photography and bartending courses. Free training in instrumental and vocal music, personality development, public speaking and sports is to be discontinued. Also to be dropped are courses in glider flying and other types of flying which are clearly for amusement rather than education. Apparently Uncle feels that it's high time to holler "Uncle!" on some of the vet spending.

FOREIGN CARS

The enormous demand for automobiles in America — a demand, incidentally, which appears to be growing instead of diminishing — is encouraging foreign manufacturers to bid for a piece of the American market. The British are conducting the most active campaign of any of the European producers. They plan to ship in 1,000 British Austins a month and are sending over a considerable number of other makes such as the Hillman cars — the Minx, Pullman and Sunbeam Talbot — British Fords and the Rolls-Royce. Most of these cars fall into two classes — those which are comparatively cheap to buy and inexpensive to operate and those which are definitely luxury vehicles. The British manufacturers have an advantage over most American producers in that they can give immediate delivery. Maybe by 1955 or 1960 we'll be able to walk into a salesroom and drive out with a new car — American car, that is.

NIX ON NICKELS

It has been said that what America needs in these days of inflation is a good ten cent nickel. The five cent nickel isn't of much use any more. It used to be good for a street car ride. But in one city after another in recent years the five cent ride, along with the five cent cigar, has disappeared. New York was one of the last strongholds. It too, however, has finally capitulated to the inevitable. On June 30, the 44 year reign of the nickel fare on Gotham's rapid (and rugged) transportation system came to an end. Now the subway tariff is seven cents while bus and trolley fare is a dime. And Uncle Sam has stamped out 20 million new dimes to provide the necessary change for New York's 8 million daily riders. If the nickel can't find any more work to do than it has now it may wind up completely out of a job — and out of circulation.

UP! UP!

The cost of living continues to hold the headlines. According to the U.S. Department of Labor the price level now exceeds the previous post wartime high of last January. The all-time top of 1920 may be passed shortly, if indeed, it hasn't already been by the time this reaches print. The 1920 peak was followed by one of the sharpest recessions in our history. At present, however, there is no indication that this pattern will be duplicated. Experts can see nothing but a continuing rise in living costs, especially now that a third round of wage boosts has become general. Somewhere along the line wages and prices will have to stop chasing each other or both will collapse — if the consumer doesn't collapse in the meantime.

WHITE WEDDING
Betty Rees Weds
Joseph Armanino
In June Rites

The altar of St. John's Church in San Bruno was banked with white stock and palms, while candlelight illuminated the faces of Betty Jean Rees and Joseph D. Armanino last month as they repeated their marriage vows.

The nuptials were read by the Rev. Henry C. Warber. Gowned in traditional white satin, Betty was accompanied to the altar by her father, while the organ played the Lohengrin procession. Miss Julia Satterlee of San Bruno, led the wedding party in a sheer turquoise gown, carrying a dainty nosegay of pale pink. The bridesmaids, Miss Barbara Hansen of Lomita Park, and Miss Rose Marie Rees, the bride's sister, wore sheer pink frocks and carried old-fashioned bouquets of deep pink sweetpeas.

Betty's gown, which was made by her mother, was fashioned with a fitted bodice fastening up the back with tiny covered buttons. The yoke was created of a dainty 40-year-old lace, and the long sleeves ended in points over the wrists. Her full skirt ended in a short train.

A tiara of braided satin held her fingertip-length veil in place. White bouvardia and ribbons, and a white orchid center made up her bridal bouquet.

Performing the duties of best man was Albert Oliveri of Colma, while Roy Demattei and Robert Hansen showed guests to their seats.

Receiving at the after-ceremony reception in the Colma Community Center, Mrs. Chester F. Rees, the bride's mother, donned a silver-grey dress with a pink flowered hat and black accessories. Mrs. Giuseppe Armanino, mother of the bridegroom, wore black silk with a pink flowered hat and black complements. Among the 400 guests were Mr. and Mrs. D. Chiappari and Mr. and Mrs. B. Chiappari of Burbank; Mr. and Mrs. J. Collins of Oroville, and Mrs. M. Wilson, grandmother of the bride. Orchid corsages were presented to the young couple's grandmothers, while the mothers were given dainty corsages of pink roses.

After a honeymoon trip through Utah, Arizona, Nevada and southern California, the young Armaninos will make their home temporarily on C street in Colma.

The bride, a graduate of San Mateo High School, is the daughter of Mr. and Mrs. Chester F. Rees of San Bruno. Her husband, a graduate of Jefferson High, is employed in his father's florist business.

LET THEM KNOW

Signal your intentions when driving and make sure your signals are understood correctly by giving them correctly, urges the California State Automobile Association. Misleading signals cause accidents.

DALY CITY RECORD

SPORTS
SHORTS

The Daly City Boys Club and the Colma Boys Club "B's" took a rest last week end, but both will be back in action this Sunday.

Bill Freeman practically had his seventh victory in the bag last week when, in the ninth inning, with two away and two strikes on the batter, an error by the catcher cost Bill the game. This was Bill's fourth loss with the last place Yakima club, against six wins.

Flash! — Firin' Fred Fazio has been chosen to play for the South in the annual North-South Texas All-Star game. We'll let you know next week how Fred made out.

Pitcher Ed Chereghino has been selected, along with 29 others out of 250 baseball students, to pitch in an elimination game this week. The outstanding players of these 30 will meet northern California's outstanding players at Jefferson, a 14-year-old freshman at Jefferson High School and was selected from well-known seniors out of San Francisco schools.

Little Freddie Thompson has already caught the eye of baseball scouts. Scout Al Fiorelli of the S. F. Seals has commented on the 14-year-old barefoot play in the field. Freddie hails from Hawaii and is now playing (with shoes) for the Daly City Boys Club. A freshman at Jefferson, Thompson saw action this season with the high school nine.

Bert Capps, Jefferson's star full-back of the early 30's, is in training for the annual Golden Gate swim in September. Bert's brother, Howard Capps, is a golf pro at Fred Waring's golf course, Shawnee-on-Delaware, in Pennsylvania. Howard was a star golfer, basketball and football player at Jefferson in the early 30's. Howard's brother, George Capps, was a football, basketball, and track star at Jefferson in the late 30's. Bob was graduated from U.C. last month. Bob's brother, Ralph Capps, played football, basketball, and swam in the early 40's at Jeff, and at the moment is writing this article.

Ida Fairchild

Services were conducted Saturday from W. C. Lasswell Mortuary for Ida Estelle Fairchild, who died last week at the home of her daughter at 2970 20th avenue, San Francisco.

A native of Perea, Nebraska, Mrs. Fairchild had resided in this community for some 20 years.

She was survived by two sons, Robert W. Fairchild and Herbert R. Fairchild; two daughters, Mrs. Florence E. Hendrickson and Mrs. Edna E. Vasey, and 14 grandchildren.

Interment was in Cypress Lawn Cemetery.

Reinstate Life
Insurance Policy
Says Floyd Granger

Veterans of World War II who have allowed their National Service Life Insurance to lapse may reinstate without a physical examination prior to midnight July 31.

Floyd D. Granger, Veterans Service Officer, said that after July 31 a physical examination will be required. At present, a signed statement by the veteran saying his health is as good as when the policy was lapsed is generally all that is required to reinstate.

A veteran may reinstate term insurance or convert to ordinary life, 30-payment life, 20-payment life, 20-year endowment, endowment at age 60 or endowment at age 65, Granger said. Or he may convert to more than one plan if the total amount does not exceed \$10,000.

Granger said National Service Life Insurance costs less than any other comparable insurance because no administration expenses come out of premiums. Beneficiaries may now be paid in lump sums or by various installment plans. The insured also may name anyone of his choice as beneficiary.

Full information on National Service Life Insurance and assistance in filling out the necessary forms properly are available at the Veterans Service Office located at the San Mateo County Courthouse, Redwood City.

C. T. Garategui

Funeral services were held last Saturday for Candido Thomas Garategui, 65, who died July 1 at his home, 73 Cassandra court, San Francisco.

The deceased, a native of Liverpool, England, had resided in Daly City for 40 years before moving to San Francisco. He was a retired P. G. & E. worker, and was affiliated with W.O.W. Camp No. 64. Survivors include three daughters, Vernal Garategui, Mrs. Evelyn Mignacco and Mrs. Audrey Consani, and four grandchildren, Arlene, Sharon and Judith Mignacco and Joyce Consani.

Requiem mass was recited at St. Michael's Church, followed by interment in Holy Cross Cemetery. W. C. Lasswell Mortuary handled arrangements.

PASSING JUDGMENT

Very often one's net profit in passing the car ahead is a gain of merely a car's length in the long parade, points out National Automobile Club. In such a case the profit is entirely too small. It must look large, however, to considerable numbers of drivers for gaining a mere car's length seems to be a passion with many.

Incidentally, motorists should avoid passing on a curve, regardless of the width of the road. The car coming from the other direction may swing wide.

Notice of Trustee's Sale
No. 373052-AB

On FRIDAY the 30th day of July 1948, at the hour of 10:00 A.M. of said day, in front on the entrance to the office of California Pacific Title Insurance Company, located at No. 2303 Broadway, in the City of Redwood City, County of San Mateo, State of California, CALIFORNIA PACIFIC TITLE INSURANCE COMPANY, a corporation, as Trustee, will sell at public auction, to the highest bidder, for cash, in lawful money of the United States, all payable at the time of the sale, the following described real property, situated in the County of San Mateo, State of California, and described as follows, to-wit:

Lot No. 38 in Block Number 13 as shown on that certain map entitled "Map of Subdivision No. 1 of Schwerin Addition - Visitation Valley Property of Schwerin Estate Realty Co., San Mateo County, California," which map was filed in the Office of the County Recorder of San Mateo County on October 3, 1908 in Book 6 of Maps at Page 42.

Said sale will be made without covenant or warranty regarding title, possession or encumbrances to satisfy the obligations secured by and pursuant to the power of sale conferred in a certain deed of trust executed by NICHOLAS M. SCHLADER and ELNA O. SCHLADER, his wife, as Trustors, to CALIFORNIA PACIFIC TITLE INSURANCE COMPANY, a corporation, as Trustee, for the benefit and security of A. G. BEAMAN and IRENE F. BEAMAN, his wife, dated October 8, 1947, and recorded on October 18, 1947, in Volume 1485, at Page 113, of the Official Records of San Mateo County in the Office of the County Recorder of said San Mateo County.

Dated: June 30th, 1948.

CALIFORNIA PACIFIC TITLE INSURANCE COMPANY,
As Trustee.

S. F. Women Of Moose
Install Officers,
Plan Summer Program

New officers of the San Francisco Chapter No. 739, Women of Moose, were officially seated last week in an impressive installation ceremony at Odd Fellows Hall.

Speakers at the affair were Jay Darwin, governor of Chapter 26, Loyal Order of Moose, and Lee Proval, special Moose representative who is credited with the vast enlargement of Moose work in San Francisco. Vocal selections were offered by Audrey Chase.

Oakland, Richmond and San Jose Moose and Women of Moose were visitors at the installation rites. Extensive plans were made for summer activities, beginning with the new year's first meeting, tonight, July 8. Senior Regent Gertrude Koenig will preside, and a large class will be initiated into the order. Junior Graduate Regent Claire Keney will be hostess.

The annual picnic of the chapter's sewing group is slated for July 12 at Marin county. Officers and committee chairmen will meet July 15 at the home of D. Sciacin, treasurer, 2607 38th avenue.

Manuel Torres

Manuel Torres, 68, a native of Chile, died July 1 at McCormick Hospital at Pasadena after a lengthy illness.

Funeral services were conducted Tuesday from the chapel of W. C. Lasswell Mortuary, followed by a requiem mass at Our Lady of Perpetual Help Church. Interment was in Holy Cross Cemetery.

The deceased, who resided at 60 Goethe street, Daly City, is survived by his widow, Mary; six children, James, Edward and Walter Torres, Mrs. Victoria Moore, Mrs. Cora Rogers and Ramona.

Large Numbers
View New Fords
Thruout Nation

During the three-day showing of the 1949 Ford car, Ford dealers in the U. S. took 465,000 new orders, according to figures released yesterday. These orders, added to the 972,266 already on the dealer books, brings the total of orders on hand to 1,437,092, exclusive of trucks. Truck orders on hand total 397,726.

It is estimated that more than 28,000,000 persons inspected the new Ford car during the three-day showing. Dealers report that new interest in automotive history, including those days of scarcity following V-E day, has the demand for cars been so great.

Despite this large number of backorders, production is still far from capacity. The two Ford assembly plants on the West Coast at Long Beach and Richmond, Calif., are running at less than half of capacity at the present time, and officials of the Ford Motor Company predict it will be two years or more before production catches up with demand.

New Jersey's Battles
Nearly 100 battles of the Revolutionary war were fought on New Jersey soil.

Facts About Ford Rebuilt Engines

your best assurance of satisfaction in the Rebuilt Engine you buy from us.

Here's Why:

They are completely rebuilt to exacting factory standards.

The job is done by authorized Reconditioners selected for their ability by the Ford Motor Company.

Time and care is taken to assure the best possible job. Only parts capable of proper reconditioning, and new parts, are used... reconditioned parts kept to a minimum... blocks and crankshafts tooled within safe limits... checked with precision instruments.

Before you buy any rebuilt engine, be sure and see us first.

Ford There's more than just price to consider when you buy a rebuilt engine. You have a right to know what you're getting for your money. You can be sure of top workmanship, and dependable power when you get one of our Ford Reconditioned Engines.

We've built our business through years of honest service. The reputation we've gained is

Farm Mart Picnic Slated For Sunday At Lovchen Gardens

It's all aboard for the Farmers' Market Picnic. With hundreds of civic leaders and farmers joining hands in the first Urban-Rural picnic of its kind, the festivities will take place on Sunday, July 11, at the Lovchen Gardens in the Colma foothills. This is the first of a series of events leading up to the celebration of the Farmers' Market Fifth Birthday on August 7. With a Citizens' Committee appointed by Mayor Robinson and with sanction of the Board of Supervisors to help celebrate this occasion in a fitting and proper manner, a program resembling a county fair is now being planned. In the meantime interest continues to mount in the rural California counties over the entry of candidates for the July 28 event in the rotunda of the city hall, where a queen and two ladies in waiting will be selected to reign over the Farmers' Market festivities on Fiesta Day.

AFoot AND AWHEEL

Both pedestrian and motorist should keep well in mind the fact that man afoot is one of the slowest of living creatures, a wheel the swiftest, points out the California State Automobile Association. The rotunda will be decorated with fruits, vegetables and flowers as a fitting background for one of the most unusual contests ever seen in San Francisco. The rotunda will resound to the music of street singers and the candidates will descend the marble, produce-bedecked stairway singly, to be presented to the judges.

Naval Aviation Cadet Program Is Now Under Way

The Naval Aviation Cadet Program is being re-implemented. Approximately 2000 Naval Aviation Cadets will be enrolled this year and enrollments are to start immediately. Men who have been selected for this program will be exempted from induction. Qualifications are as follows: 1. Be a male citizen of the U.S.—native born or naturalized for a period of at least ten years. 2. Be between 18 and 25 years of age. 3. Must have completed 60 semester hours or 90 quarter hours of satisfactory work in an accredited college or university. 4. Must be single and agree to remain unmarried until they have received their commission. They will be commissioned when they receive their "Aviation Wings." 5. Must be physically qualified and aeronautically adapted to fly. Men who fail in flight training will be given honorable discharges immediately and will not be required to finish their term of enlistment. For particulars apply to the Office of Naval Officer Procurement, Third Floor, Ferry Building, San Francisco, telephone YUkon 6-2818, extension 21 or 22. Interested candidates are urged to contact the above office at the earliest possible time as it is anticipated that quotas will be filled at an early date.

ALONG EL CAMINO REAL

By Ray J. Hewitt Long known as the "Road of Romance," California's Mission Trails seems to be living up to its reputation if the number of marriages celebrated in the old Franciscan Missions is any criterion. Hundreds of couples are married every year in the vine covered chapels of Missions San Gabriel, Santa Barbara, San Miguel, Carmel, Dolores and the other 21 Missions which make up "Father Serra's Rosary." Recently Dennis Day of radio fame, and Peggy Alquist were married at Mission San Juan Capistrano, and the list of notables who have taken the vows of matrimony at the various Missions would read much like the "Who's Who" of America. While the string of marriages celebrated at the Missions is a matter of record, there is no way of knowing the vast number of young men and women who plight their troth in the cloistered corridors and the lovely gardens of the Missions. Romance seems to flourish in these, the loveliest and most romantic of surroundings. Following in natural sequence is the large number of christenings that are held each year in the California Missions. It seems but natural that happy couples could ask no greater privilege than that their children be christened before the same altar where they were married. Announcement parties, bridal parties and similar events are often preceded by a tour of the particular Mission where the marriage will be celebrated or, as we often suspect, where she plighted her troth in some lovely corner of the garden.

Nor is youth the only one to be served, as middle aged and even elderly couples are to be seen wandering hand-in-hand about the gardens and through the buildings of the old Missions. In the serene atmosphere of these aged Missions, the hurly-burly and rush of modern life seems far away and it is very easy to slip back into the romantic moods of one's youth with the partner who has walked down life's highway with you. And so, day by day, and year by year, the Mission Trails of California adds to its reputation as the "Road of Romance," and does its part in making life better and more enjoyable for those who travel along these paths which the good Padres trod so many years ago.

Vets Who Drop Out of School Must Refund Tuition

Any veteran who drops out of school or college before the end of the period for which tuition has to be paid must refund the tuition that Veterans Administration must pay for the time he did not attend or lose the training time covered by these payments.

Affected are all those veterans enrolling under the GI Bill in institutions that:

(1) Collect their tuition and other charges in advance, and,
(2) Limit refunds of tuition charges that can be made to any student - veteran or non-veteran - discontinuing his work before the end of the term or semester.

Most of the veterans are enrolled in schools of this type.

VA's ruling, announced today, holds the veteran legally responsible for tuition payments VA must make to these schools for the instruction periods the veterans do not attend.

VA explained that tuition charges must be paid for the full term or semester if a student - veteran or non-veteran - remains in school after the refund period is over. These periods generally end four to six weeks after the start of a term or semester. As a result, any student who drops out loses that much of his tuition payment.

Since no refunds to VA for veterans dropping out of school after that time are possible, the veteran must refund the balance of the tuition paid for him.

Veterans who do not want to refund the payment to VA will lose the training time covered by that payment.

When student-veterans have to interrupt their courses before VA is obligated to pay tuition for the full period, VA will pay the institutions only the normal charges for the time the veterans attended.

In the latter case, the veterans' entitlement will be reduced only by the length of their attendance for which the institution will be paid, VA said.

SMALL STRIPERS

Small striped bass have been showing up in large numbers recently on the lower delta of the San Joaquin River in Contra Costa county area, reports National Automobile Club.

TROUT ANGLING GOOD

Trout angling has been very good during the past week along the Kern River in the Kern county area. Anglers have taken many limits of large loch levens.

LONG COUNT

A movie cameraman who found a way of timing the famous "long count" of the Dempsey-Tunney fight by clocking the film recording of it, says that Tunney was on the floor for 21 seconds. Well, it took 21 years to find out.

Motor Scooters Cause "Headaches" For Law Enforcers

Motorized scooters driven by irresponsible youngsters are proving a headache to enforcement agencies, particularly in metropolitan areas. Since there seems to be a general misconception abroad that anyone can drive these two-wheeled vehicles without benefit of license, and since these vehicles offer their drivers little or no protection when the bumping starts, accidents involving motor scooters have shown a discouraging increase recently and during last year 97 per cent of those resulted in bodily injury or death.

Like operators of all motor vehicles, operators of motor scooters are required by law to have oper-

ators' licenses. Youths between 14 and 16 years of age may earn junior operators' licenses by getting their parents' written approval and by passing vision, intelligence, and driving tests. These junior operators' licenses are restricted to "the operation of a motor vehicle registered to the licensee's parent, guardian, or employer, either to or from school, to or from work, or on the business of the parent or guardian, unless the licensee is accompanied by and under the immediate supervision of an adult." Junior operators are not permitted to use vehicles in employment.

When a youth reaches the age of sixteen, he must apply for a minor's license. The obtaining of this license again depends on parental approval and the passing of tests.

Parents who give their written approval to their children's obtaining of these minor licenses are accepting a number of responsibilities. These include their seeing

BLACK BASS FISHING IMPROVES

Black bass fishing in Russian River area of Sonoma county improved considerably during the past week, reports National Automobile Club.

TROUT ANGLERS HAVE LUCK

Trout anglers have had first-rate luck during the past week along the Truckee River in the Nevada county area, reports National Automobile Club. Flies are proving to be the best lures.

that their children receive beginners' instruction permits before getting any behind-the-wheel instruction, and becoming financially liable in case of an accident for sums up to \$10,000. Before signing, they are advised to consult with their insurance agent or broker to see if their insurance policy will cover accidents occurring when a minor is driving.

Thousands Attend BAIE Show Given In S.F. Civic Aud.

The Bay Area's industrial achievement was revealed to thousands of persons July 2 when the greatest show of its kind ever held in the West - the Bay Area Industrial Exposition - was opened at the San Francisco Civic Auditorium.

The ceremony marking the open-

ing was impressively in keeping with the Exposition. More than three-score state, county and city officials and chambers of commerce leaders from the Bay Area occupied the reviewing stand.

Mayor Joseph E. Smith of Oakland, expertly using an electric torch, cut a heavy steel chain barring entrance to the Exposition and the waiting crowd surged in a jammed mass to enter.

Henry King, as master of ceremonies, presented the officials, who had taken an active part in making the Exposition possible, and who are taking an equally ac-

tive part in the exposition during its duration of eight days.

More Attractions For The Youngsters Planned At Fair

In expanding facilities for a greater California State Fair, September 2 through 12, babies and small children will be given even greater attention this year than last, Ned Green, secretary-manager, has announced.
The State Fair will operate its own nursery where mothers may take babies, bottle warmers, cribs, and other home conveniences will be available. Nurses will be on duty at all times.
Adjoining the Education Building, the playground for small boys and girls will be under the direction of the Sacramento City Recreation Department. Playground equipment will be installed and a trained staff will be on duty to supervise play.
Jo Jo and Bette Ann, popular clowns, and their troupe of entertainers, will appear at frequent intervals to amuse boys and girls in the play area. Jo Jo and Bette Ann are familiar to most of the youngsters who look forward to their act as a special treat.
There will be swings, teeters, sand boxes, and other play apparatus for the enjoyment of those who are too young to care for other State Fair attractions, enabling parents to view the Fair in comfort and with the knowledge their children are being well-cared for.
This playground proved popular last year with 200 to 300 girls and boys at play daily in the area which is fenced. Heavy, deep grass and shade trees provide added comfort for the little visitors.

Under the recently inaugurated program, Reserve Corps members can now apply for a tour of extended active duty of from nine to 12 months duration. San Francisco men interested in living at home and serving in the army should apply to the U.S. Army and U.S. Air Force recruiting station located at 428 Market street, and obtain a letter from the commanding officer requesting their services.
Applicants are required to meet physical qualifications for general service, and will receive full active duty pay and living allowances upon assignment.

Thursday, July 15

8 p. m.—Meeting, Frank C. Jordan Colma Post No. 762, Inc., at 190 Sagamore street, San Francisco.
8:15 p. m.—Meeting, Colma Vista Grande Aerie No. 1848, F.O.E., 3346 San Jose avenue.
8:30 p. m.—Meeting, Court St. Mary No. 1155, C.D.A., Masonic temple, 17 Hillcrest drive.

Army Extends Deadline To All Re. Corps Members

Extension to July 20 of the deadline by which members of the enlisted Reserve Corps may apply for extended active duty right in their own home town is announced by Sixth Army Headquarters at the Presidio of San Francisco. Assignments are available at Army and Air Force recruiting main stations in San Francisco, Oakland, San Jose, Sacramento, Stockton and Fresno.
Under the recently inaugurated program, Reserve Corps members can now apply for a tour of extended active duty of from nine to 12 months duration. San Francisco men interested in living at home and serving in the army should apply to the U.S. Army and U.S. Air Force recruiting station located at 428 Market street, and obtain a letter from the commanding officer requesting their services.
Applicants are required to meet physical qualifications for general service, and will receive full active duty pay and living allowances upon assignment.

Ordinary Letters, Post Cards May Be Sent To Israel

Postmaster William H. McCarthy announced today that he has been advised by the Post Office Department that effective immediately ordinary letters and post cards may be sent by air mail or surface means to the State of Israel.
The 10-cent Air Letter Sheet is

The postage rate on letter mail or post cards by air is 25 cents a half ounce. By surface means the letter rate is 5 cents for the first ounce and 3 cents for each succeeding ounce or fraction. Post cards sent by surface means are subject to 3 cents postage. Letter mail may weigh up to 4 pounds, 6 ounces, but may not contain merchandise.
The 10-cent Air Letter Sheet is

KEEP ALERT
Alertness is one of the best known preventatives of traffic accidents, says the California State Automobile Association.
Information as to the principal post offices and postal agencies in the State of Israel may be secured at any post office station or by calling the Post Office Information Bureau, Market 1-2500.

WEDGEWOOD... OVER 65 YEARS LEADER IN THE WEST

Goings On At The Playgrounds

Marchbank Park

By Glenn Smith

Dave Cafarata, Ben Gallagher, Jerry Gruenwald, and numerous others spent most of last week preparing coaters for the field day of Vehicle Week. The Streak, a coater built by all the kids, was launched Thursday.

Pat Petite, Dave Cafarata, Jerry Gruenwald and many others had a wonderful time at Thornton Beach. The day started off very cloudy but soon the sun came out to liven up the party.

The Marchbank gang gathered Saturday morning to roast wieners and potatoes. Everyone helped gather wood and build a fire.

The boys seem to be boxing conscious this year. The boxing gloves are in constant use.

At Lincoln Playground

By Jack Root

Last week has been a busy one for the children who attended the Lincoln Playground. Besides the regular activities there were an outing to Thornton Beach, the starting of a paddle handball tournament, a basketball free throw contest, a softball game with the Jefferson Grammar School playground, and some Lincoln Playground league softball games.

Eleven "kiddies" hiked to Thornton Beach with the playground director. This was quite an ordeal to the youngsters but they stood up to the hike very gallantly. The distance is two miles or more. An enjoyable day was spent by all. Wading in the ocean, playing in the sand, and drinking soda pop was well as eating lunch were the chief activities. Those who made the trip were Bob Rich, Michael Dotterweich, Robert Potorian, Ronald Davis, Constance Costello, Ramon Bermudez, Eugene Whinnen, Tommy Costello, Joel Dawes, Roger Dawes, Adelaide Thuermer, and the playground director, Jack Root.

A paddle handball tournament has been started. Up to date 13 people have entered. Of the playing so far, George Spoulos defeated Tom Costello 13 to 11, Larry Hutchinson defeated Raquel Rocha 7 to 0, Don Hennig defeated Teresa Delfino 7 to 0, and Thomas Mejia eliminated Mickey Leach 13 to 12.

A basketball free-throw contest is on now. Three people are tied for high honors. L. Hutchinson, W. Gilbert, and M. Leach have sunk nine baskets out of twenty throws.

The Lincoln All-Stars played the Jefferson Grammar School playground a game of softball last Friday morning and "swamped" them 39 to 1. Wilson pitched a three-hit ball game for the All-Stars, which was managed very ably by Larry Hutchinson. Murchison and Jennings were the most outstanding sluggers. The Crocker playground will try to tame the All-Stars next week.

The Lincoln Playground Softball League started last week and the Wolves are leading the league with two wins and no losses. The "big six" in league softball batting are: Jennings, 750; Stables, 636; Wilson, 636; Lorenzo, 583; Murchison, 583; and Hennig, 563.

Many activities are planned for next week.

Little Jeff

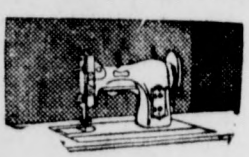

By Beverly Clement

This week the tournament at Little Jeff will be checkers. It can't help but be a good tournament with everyone on the grounds a checker king.

The winner of the Paddle Tennis tournament in the "AA" division was Joe Ordenez. Joe defeated John Sutto for the title in a two-out-of-three match. The finals in the "A" division will not be run off until Thursday. Lowell Creighton, Lora Lee Swinger, and Aria Sereni will battle it out for top position.

Although we were defeated by the Lincoln All-Stars in softball

Last Monday to the tune of 39-1, we are planning our first victory next Tuesday against Crocker on our home grounds.

Jefferson High

By Mary Falho

Hey, boys — want to tumble? Classes are being held at the high school on Tuesday and Thursday from 2-3 p.m.

This week the girls and boys plan to go to Skateland on a roller skating party: Friday, July 9, the vehicle races will be held. The events will take place all morning.

Badminton classes are still held Tuesday and Thursday at the high school at 1:30 p.m. Last week there was quite a turnout. Tennis did not go over as well. Tennis instruction will be held on Friday at 1:30. All those with racquets are invited to attend.

Ladies and Gents! Grab a partner and come on down to Colma Community Center and join the folk and square dance group. Beginners are most welcome. Meetings are on Friday at 7:30 p.m.

The Craft Shops

By James Krayenkel

The Craft Shops are having a wonderful time finger painting, making figures of clay, and many other small projects they like.

This year the Peoria craft center is advancing much better than figured, but we still would like to see more boys and girls out for the craft work. There are many things that can be made.

The Parkview craft center is moving fast with plenty of children and all having a good time while they are there.

This coming week we are going to do clay molding and wood burning for the older children, and the younger ones will be coloring paper plates and stringing beads. We plan to have a good time and are hoping more children will come and take part in the fun.

Crocker

By Eina Eichner

Crocker softball players were challenged by the Lincoln nine this week to two games. Signed up Tuesday morning were Jim Hoffman, Martin Verece, Ed Hausler, Jerry Hausler, Ronnie Quint, Joe Moore, Dave Guido, Bob Dickson and Maxine Faulk.

Participating in the all-city hike to Thornton Beach were Grant Ross, Philip and Pat Phillips, Jean and Jane Herman, Larry, Noreen and Sharon Bradley, Merrilee Faulk, Billy Tylanda and Larry Caratti.

Next week Crocker softball players will play "Little Jeff."

Maxine Faulk completed a blackboard mural this week in the Crocker quiet room depicting Vehicle Week. Done in colored chalk, the mural shows Crocker frequenters competing in the scooter and bicycle races at Jefferson High School.

Hunting Seasons, Bag Limits About Same As Last Year

The estimated half a million California hunters who plan to take to the field this fall will find hunting seasons and bag limits generally similar to those set last year by the Fish and Game Commission.

Regulations passed by the Commission in April have now become law and include three separate deer hunting seasons and five California regions, a longer bear season with a larger bag limit, and a 10-day pheasant hunting season.

The State has been divided into five regions for the 1948 deer hunting season. The north coastal area, which is composed of Del Norte, Humboldt, Trinity, and Tehama counties, will have a two-buck bag limit between September 16 and October 15.

Deer hunters in the central coastal area (which includes Mendocino, Glenn, Lake, Colusa, Yolo, Sonoma, Napa, Solano, Marin, Contra Costa, San Francisco, Alameda, Santa Clara, Monterey, Santa Cruz, San Mateo, and San Benito counties, and the western portions of San Joaquin, Stanislaus, Merced, Kings, and Fresno counties) may take two bucks between August 7 and September 15.

The south coastal area is composed of San Luis Obispo, Santa Barbara, Ventura, Los Angeles, Orange, and San Diego counties, and portions of Kern and Riverside counties. A one-buck limit will apply in this area between August 7 and September 6.

No forked horn deer may be taken in the Lassen-Modoc area, comprising Lassen and Modoc counties, and easterly portions of Siskiyou and Shasta counties. Between September 16 and October 15, a one-buck bag limit will apply.

Hunting in the rest of the State will be legal between September 16 and October 15 with a one-buck limit. (Besides portions of Riverside, Kern, Kings, Fresno, Merced, Stanislaus, San Joaquin, Tehama and Shasta counties, the Sierra area embraces Imperial, San Bernardino, Inyo, Mono, Tulare, Mariposa, Tuolumne, Alpine, Amador, Sacramento, Calaveras, El Dorado, Placer, Sutter, Nevada, Yuba, Sierra, Plumas and Butte counties.)

Bow and arrow hunters may take deer with a special permit for a 10-day period preceding the regular hunting season in any area. Under the provisions of a new Commission regulation, bows must have a minimum pull of 50 pounds, and arrows a minimum weight of 457 grains.

(Paid Advertisement)

California's brown bear, of which there are an estimated 20,000, may be taken by bow and arrow or firearms between October 23 and December 31. Bag and possession limit has been upped to two bears. Seasonal bag limit is two. No trapping is permitted.

Upland game bag limits remain the same as in 1947. Two male pheasants per day and 10 per season may be taken between November 19 and November 28. Eight quail per day and 16 per week may be possessed between November 19 and December 31.

Tree squirrels are legal targets in Districts 1, 25, 23, and 13a between November 19 and December 31. Bag limit remains two per day and 12 per season.

Hunting for all species of rabbits in six southern California counties has been set between September 1 and December 31. The regulation is effective in Districts 4, 43a, 47a, 19, and 22. In the rest of the State, brush and cottontail rabbits may be taken between November 19 and December 31.

There is no closed season on jackrabbits except in the five southern California districts. Bag limit for cottontail and brush rabbits remains eight per day and 16 per week. There is no bag limit on jackrabbits.

Between November 19 and November 28, shooting hours for all upland game will be from 8 a.m. to Pacific Standard Time, to one-half hour after sunset. Following the close of the pheasant hunting season on November 28, shooting hours for quail, squirrels and rabbits will be from one-half hour before sunrise to one-half hour after sunset.

SPORTSMEN'S CALENDAR No. 25

The Division of Fish and Game reminds local sportsmen of the following regulations which apply to current hunting and fishing:

TROUT — May 1 to October 31, with exceptions. Limit: 15 trout, salmon, or Rocky Mountain whitefish in the aggregate, or 10 pounds and one fish. Angling hours: one hour before sunrise to one hour after sunset.

BLACK BASS — No closed season. Daily bag and possession limit: 10 fish, but not over 15 pounds and one bass in the aggregate. No minimum size.

SUNFISH, CRAPPIE, SACRAMENTO PERCH, CALICO BASS — No closed season. Bag limit: 25 fish of all species in the aggregate. No minimum size.

CATFISH — No closed season. Bag limit: 15 pounds and one fish in the aggregate, in the round. Night fishing prohibited. Angling license required.

SALTWATER SALMON — Ends December 31. Bag limit: three salmon. Size limit: 25 inches. Angling hours: one hour before sunrise to one hour after sunset. See abstract of angling regulations.

News Column For The Veterans

Veteran students graduating this year and planning to move from the area served by the Veterans Administration Branch Office to which they have been mailing their National Service Life Insurance premium payments, should notify VA immediately of their new permanent address.

VA pointed out that a veteran's NSLI records are kept in the VA Branch Office supervising the area in which he maintains his permanent address.

The sooner the veteran notifies VA of his change in residence, the sooner VA can transfer his insurance records to the VA Branch Office having jurisdiction over the area in which he will reside.

When advising VA of his new address, the veteran should identify himself fully, indicating his NSLI certificate number, former address and new address. Changes in address may be noted on the space provided for such changes on the flap of the regular VA remittance envelope.

The average age of World War II women veterans is slightly higher than that of their male fellow veterans, Veterans Administration said. The feminine average is an even 30 years, while the average age of the men is 29 years and 9 1/2 months.

The number of veterans of all wars reached 18,744,000 on May 1, 1948. Veterans Administration said. Of these, 14,887,000 served in World War II. The remainder were veterans of World War I and other wars.

When the nation's population of JACKRABBITS — No closed season except in San Bernardino, Orange, Los Angeles, Riverside, Imperial, and San Diego counties. No bag limit. Hunting license required.

A FISH WITH A WARY APETITE IS SLOW IN RISING TO THE LURE—THE GREEDY ARE QUICKLY HOOKED.

PETE ALSO SAYS: Reap a harvest of satisfaction in your food purchasing — shop at Milo's where you always receive those high-quality foods at economy prices. Yes, it pays off in a harvest of nutrition and economy.

1948 World Series Of Rodeo Goes To S.F. Cow Palace

Official confirmation of the selection of the Grand National Livestock Exposition, Horse Show and Rodeo for the 1948 International Rodeo Association Championship Finals was made today in statements by two ranking officials of the Association.

The confirmation came from R. J. Hofmann, president, and E. N. Boylen, commissioner-secretary of the I.R.A., in letters to Nion P. Tucker, president of the Grand National Board of Directors.

Selection of the Grand National for the official World Series of rodeo means that from October 29 through November 7, the top cowboy contenders of the United States and Canada who have been piling up points all year under the official point award system of the Association will be battling it out in the Cow Palace for the I.R.A. championships.

The I.R.A. awards of \$10,000, and the \$14,000 in purses posted by the Grand National to which will be added all of the cowboys' entry fees, will be awarded at the final performance of the Grand National when the final scores are computed and the winners announced.

veterans and members of their families reaches its expected peak of 60,000,000 in 1955, Veterans Administration predicts that the number of veterans of all wars will be 17,200,000 and the number of persons in their families, 42,900,000.

Question: What veterans have preference to Veterans Administration hospital beds?

Answer: Veterans suffering from service-connected disabilities and those requiring emergency treatment are given preference to hospital beds.

DALY CITY STUDENTS TO PLAY

DUE FOR A MUSICAL TREAT. Hollywood Bowl during last cert of Junior Musicians of America under sponsorship of National Institute of Music and Arts and the Institute of Educational Music. Musicians from this city will play there again August 15, when join over 3500 other musicians playing simultaneously in concert 15,000 spectators.

This is the second year in succession that the Grand National has been chosen for the championship finals of the I.R.A., official organization of the more than 100 top rung rodeos in North America. Hofmann in his letter to Tucker said:

"It is with great pleasure that I am able to announce that the Grand National Livestock Exposition, Horse Show and Rodeo has been chosen as the official International Rodeo Association championship Finals, at which the year rodeo championships will be finally determined."

When WHEELS CREAK. If the wheels creak when car turns the corner it means loose bolt, points out National Automobile Club. Loose bolt mitting the wheel to wobble one of the most rapid factors in tire wear.

TO THE PEOPLE OF DALY CITY

At the last regular meeting of the City Council held June 28, 1948 Mayor Gaggero submitted the proposed budget of Daly City for the fiscal year beginning July 1, 1948 and ending June 30, 1949. His statement contained this objectionable item: "It is my recommendation, therefore, that the amount contributed from the water department revenue toward garbage collection be discontinued and, that the amount collected on water bills for garbage collection be increased from the present ten cents per month to the sum of thirty-five cents per month."

The thing that Mayor Gaggero does not seem to know or that he does not understand is that this matter was submitted to the people at a special election handled by the County of San Mateo on December 19, 1933. The matter of garbage disposal was put before the Daly City voters as to whether or not the city would take this money from the water fund for garbage collection. They decided this very affirmatively.

Mayor Gaggero in his previous administration has pointed with particular pride that during the war years when he was in the leadership of the city that he left the city with a treasury balance of over \$200,000.00. In this period when there was little available this does not show any record of public achievement. It rather shows one of little accomplishment. Good government is not based on taxing people to put money in the bank, it is based on the intelligent expenditure of public money.

When Bert Meritt left the City Council for the Aleutian Islands on a vital defense project he had already obtained an option for the City of Daly City for the acquirement of the Quarry Property from the Market Street Railway for \$7,500. Before leaving he pointed out: "This property is one of real value to Daly City. It is worth the purchase price alone if it is not used for any other purpose than for parking." What did Mayor Gaggero do? He could not see it. The answer is Mr. Smith now owns one of the most valuable pieces of property in the city, and the next council that succeeded Mayor Gaggero had to buy at many more times this valuation a site for a community center at Alp Street between Mission and Hillside Boulevard.

One of the best selling points of Daly City has been the free disposal of garbage. Under the plan submitted by Mayor Gaggero he would put the city in the collection business for private enterprise. He has no right to do this, and you as the stockholders should let the Mayor and the City Council know how you feel.

Signed: GEORGE KIRCHHUBEL

OFF THE BLOTTER

"Dog very dead," was the conclusion reached by Desk Officer Dean Wood Monday when a red-dish-brown canine of questionable ancestry got himself run over by a car on Mission street.

The dog was killed instantly when he ran in front of a car in the 6600 block on Mission street.

Seven-year-old David Hebler, of 4 Woodrow street, was treated at Junipero Serra Hospital Tuesday for a lacerated nose. David was injured by the pedal of a passing bicycle as he played on the ground.

Mrs. Theresa Heim of San Francisco was taken to Junipero Serra Hospital for treatment of minor injuries when her husband fell asleep at the wheel, driving his car into a telephone pole on Mission street north of Como avenue.

Hospital attendants treated the lacerated leg of Richard Doniquez of Sharp Park last Thursday when the boy fell at the high school swimming pool.

Dr. Lawler A. Drees removed a pearl button from the ear of five-year-old Robert Walker last Thursday. The youngster had been playing with the button at his home, 545 Winchester street.

An olive drab tarpaulin valued at approximately \$40 was reported stolen from the August Conci nursery Monday morning. The thief, if he is using the tarp, should be easily identifiable by a sensitive nose. It had been used to cover fertilizer in front of the Conci nursery.

Junior Olympics

(Continued from Page 1)

time for a day at Fleishacker's Zoo in San Francisco. The Concessions at Playland and fun on the beach will be included in the day's activities.

Hiking to Thornton Beach last week, the children roasted hot dogs, and spent the day playing in the sand, wading and collecting sea shells.

The free movie program at 10:30 a.m. Monday will include such features as a Laurel and Hardy comedy, Sport Stamina, Famous Fights, The Adventures of Bunny Rabbit, a color cartoon and the fifth and sixth chapters of "The Adventures of the Flying Cadets."

The boys' baseball league will start next week, with games scheduled for Tuesday and Thursday mornings at Marchbank Park and the high school. Saturday mornings are reserved for practice competitions, with out-of-town teams.

Sunday at Marchbank, three teen-age and adult games are slated.

Arts and Crafts instruction is available Monday, Wednesday and Thursday from 10:30-4:30 at the Peoria Crafts Center, and Tuesday and Friday, from 10:30-4:30 at the Parkway Center.

Basketball games for 15-year-olds and younger are held Monday and Friday, from 7-9:30 p.m., in the high school gym. Sixteen-year-olds and above may play each Tuesday and Thursday, from 7-9:30 p.m., in the gym.

Badminton instruction and contests are held in the high school gym each Wednesday from 7-9:30 p.m. for adults. Boys and girls may play each Tuesday and Thursday from 1:30-3 p.m.

Folk Dancing classes for adults are scheduled each Friday, from 7:30-10 p.m., at the Colma Community Center. This class is primarily for beginners, although experienced folk dancers are welcome. Girls and boys are invited to attend classes Tuesdays and Thursdays from 10 a.m. 'til noon in the high school gym.

Chorus rehearsals for boys and girls are held Tuesdays and Thursdays, from 1:30-3 p.m., in the music room at the high school gym.

Tumbling classes for boys are slated each Tuesday and Thursday, from 2-4 p.m., in Room B at the high school gym.

Boys and girls who own tennis racquets may be instructed each Friday, from 1:30-3 p.m., on the high school tennis courts.

Swimming classes are held Monday through Saturday, from 2-4:30 p.m. for children, and Monday through Friday, from 7-9:30 p.m. for adults, in the high school pool. Wednesday evening is reserved for girls and women only.

Physical fitness classes for women are held every Tuesday from 7:30-9 p.m. in Room B of the high school gym.

All playgrounds are supervised by recreation directors from 9:30 a.m. to 5 p.m. daily, except when all-city events are scheduled. Supervised play and free play is continually available at all playgrounds.

Carol Gesenger Feted Last Week At Bridal Shower

Miss Carol Gesenger, who will wed Harry Dederman come next September, was the recipient last week of a surprise bridal shower given by her aunt, Mrs. Melba Watson, at the Gesenger home.

Carol, daughter of Mrs. R. C. Gesenger, resides at 113 E. Vista avenue. Nuptials are being planned for September 4.

Bid to honor the bride-elect were Mesdames Claire Seiler, L. Dapell sr., L. Dapell jr., V. Benney, E. J. Wren, Mjehovich, N. Stevens, H. Coleman, H. Dederman, F. Gagna, O. Gunther and the Misses Claire Seiler, Louise and Frances Mjehovich, Mara Stevens, D. Moraga and F. Turney.

Two suitcases containing clothing and personal effects were reported stolen Monday from in front of the Poly Gas Station on Mission street. R. Mallott of Seattle, owner of the missing cases, said he had left them near the sidewalk next to the station Monday night and gone across the street to a restaurant for supper.

A chimney fire which might have resulted in serious damage was brought swiftly under control by the Daly City Fire Department Sunday at the Fred A. Dellamore residence, 149 Peoria street. The fire was promptly extinguished by Fire Companies 1, 2 and 4.

A car fire in front of 6779 Mission street was extinguished Tuesday by a pyrene spray from a city police car, before the fire department trucks arrived. The car was owned by Wallace William McMillan of San Francisco.

Three grass fires, none of which caused serious damage, were extinguished during the past week by the city's fire trucks. Companies 1, 2 and 4 extinguished a fire Monday on the hills back of Bepler street, where about an acre of grass and brush was destroyed.

Two acres of grass east of scenic way in the Crocker Hills were burned Tuesday before Companies 1, 2 and 4 brought the fire under control. Companies 1, 2 and 6 responded Monday and put out a grass fire which covered approximately two lots at Hillside boulevard and East Vista avenue.

Novena To Start July 18 At Corpus Christi

A solemn Novena in honor of St. Anne will be held at the Corpus Christi Church, corner of Santa Rosa avenue and Alemany boulevard, at 7:30 p.m. from July 18 to July 26, inclusive.

The Reverend P. D. Kane, a Dominican Father, will preach each evening. This is a traditional affair, well attended by the parishioners and many other devotees from neighboring parishes.

"I AGREE... it's the finest tasting **ACME** ever brewed..."

48 To Receive Swim Certificates After RC Course

The first 1948 swimming class sponsored jointly by the American Red Cross and Jefferson Union High School closed last Saturday, with 48 students qualifying for beginner and intermediate certificates.

Conducted by Miss Juanita Young, Red Cross swimming instructor, the June 21 - July 3 class was the first division of the tenth instructing season. Miss Young has conducted swimming classes at the high school ever since the pool opened, save for three summers during the war.

All instructors in the Red Cross classes have been trained in their work by the Red Cross; Miss Jane Bernath holds a senior life saving certificate; Miss Florence Hannah and James Harrison, assistant instructor certificates, and Miss Young, an instructor certificate.

July classes in swimming are closed to new registrants, but applications are still available for August classes. Information may be obtained by calling at the pool office or by telephoning Juniper 4-2510.

The high school pool is open to the general public every afternoon from 2-4:30 p.m. except Sunday, and from 7-9:30 p.m. Monday, Tuesday, Thursday and Friday. Wednesday evenings are reserved for women and girls only. Saturday evening sessions will be made available to clubs for rental.

Certificates of intermediate standing will be mailed to these students who completed the June 21 - July 3 classwork:

Carol Ann Anger, Carol Bertoli, Betty Lou Cavagna, Carol A. Clarke, Ronald Dickson, Carol Donofrio, Richard Duncan, Maxie Faulk, Bob Greene, Bob Harrison, Beatrice Harrison, Robert Kaufman, Lenora Malley, Larry Neuner, Charles Schnatmeyer and Don Williams.

Beginner certificates were awarded to:

Carol Bertoli, Phyllis Blackburn, Frank Bertoli, Roberta Christensen, Phyllis Cormack, Edward Dennis, Robert Dickson, Carol Donofrio, Sandra Faulk, Erich Faulk, Erich Faust, Jerry Harrison, Jay Hendon, Dick Hopman, Jane Kennedy, Edward Lup-ton, Freddie Lusardia, Lynn Math-euson, Bert McKenna, Richard Montgomery, Jacqueline Mullen, Norman Nielsen, Barbara Noakes, Judy Pegar, Arleen Pool, Robert Rocco, Claire Shields, Roger Sol-em, Roberta Taylor, Robert Todd, Thomas Tringali, Waneta Viele and Beverly Wheeler.

Swimmer certificates will be mailed to Jean Eliassen and Barbara Stein, who passed a summary August classes. Information may be obtained by calling at the pool office or by telephoning Juniper 4-2510.

The lifesaving class, which will continue into the second swim campaign of the summer, is being taken by Jean Eliassen, George Fernandes Jr., Barbara Stein and Mar-len Williams.

Miss Claire Shields, Mrs. Mary Casebolt, Mrs. Martha Bullwinkel and Mrs. Frances Sutter were enrolled in the ladies' swimming class.

Louis - Walcott Fight Films At Crest Theatre

The exclusive Daly City and Outer-Mission District showing of the Louis-Walcott fight pictures have been invited to attend dances each Thursday night in the auditorium of Epiphany Parish school.

The showing will mark the first neighborhood run of the pictures in San Francisco, since they will be shipped out to the Crest directly upon closing their downtown run.

The following youngsters qualified as "jellyfish":

Kay Barnes, Bill Benofsky, Nicolas Bauwes, Lialiane Boynton, George Bullwinkel, David Chisholm, Roderick Chisholm, Aline DeBoton, Carolyn Dennis, Louise Dolan, Lu-Anne Eliassen, Dale Fambri, Adolph Fernandez, Richard Gensel, Bella Gilbertsen, Jacqueline Hansen, Kay Harris, David Hebler, Tommy Karnes, Thomas Kennedy, Bobby Knoll, Roger Lorenz, Patricia Lynch, Richard Malmstrom, Fred Marsh, Reuben Martinez, LaVerne Nannini, Richard Riley, Robert Riley, Mary Shields, Russell Schmidt, Yvonne Seren, James Shoots, Don-nie Solem, Gary Stein, Robert Strassburger, William Stull, Ted Surber, Diane Thompson, Adelaide Thuenner, John Van Hagen, Lela Watkins, Susanne Watkins, Anne Williams.

Epiphany Club Sponsors Weekly Dances At Church

Teen-agers of the Excelsior district and surrounding communities have been invited to attend dances each Thursday night in the auditorium of Epiphany Parish school.

The dances, sponsored by the Epiphany Club, will feature music by John Lagoria's orchestra. They will be held throughout the summer from 8:30-11:30 p.m. each Thursday.

Centennial Dance To Be Sponsored

Something new in dances sponsored by the Young Ladies' and Young Men's Institutes will be presented tomorrow night, July 9, by the McKinnon Institute, YLI, and the Golden Gate Council, YMI.

The dances, sponsored by the Epiphany Club, will feature music by John Lagoria's orchestra. They will be held throughout the summer from 8:30-11:30 p.m. each Thursday.

"It's Martin for me!"

Says: **MAX MOHRING**

22 Valley St., San Francisco

S. F. Striped Bass Club, affiliated with Associated Sportsmen of California

Martin Motor Company

Eau Claire, Wisconsin

Dear Sirs:

After years of fishing, I thought I'd seen just about everything an outboard motor could do, but I'm writing to tell you that I've never seen anything like the performance of your Martin "60." I've tried my Martin in all kinds of conditions and weather, and I've never had smoother, more dependable performance from any motor. It's never once flooded or stalled--and as for pickup--well, I can crawl along at mile-an-hour trolling speed and then accelerate without a sputter. As I say, I've tried them all--but from now on it's nothing but a Martin for me. I just thought you might like to know how one motor.

Very truly yours,
Max Mohring

How to get power from water five times ...and not consume a drop

Water shooting from nozzles with rocket force spins 16-ton water wheels like toy tops in P. G. and E. powerhouses... but not a drop is wasted--it's put to work again and again.

Five different times, for example, water is borrowed from the Mokelumne River and sent rushing through penstocks (giant steel pipes) to whirl the generators. Then it's sent back on its way to municipal water supplies and farmer's irrigation ditches.

For the record

P. G. and E.'s water storage helps supply irrigation needs along the Mokelumne

New Electra replaces one of California's earliest hydro plants...in continuous service since 1902

The Mokelumne project is just part of America's largest interconnected power system

Here's a quick picture of the Mokelumne's 5 powerhouses. The top four--Salt Springs, Tiger Creek, West Point and Electra--are P. G. and E. plants. They will soon have a total capacity of 250,000 electrical horsepower--enough to serve the cities of Oakland, Stockton and Tracy.

Newest of the group is the big 133,000 horsepower Electra plant shown here in the final stages of construction. It will come on the line this month, bringing still more new power to serve growing California.

Work never stops on our power-building program

P.G. and E.
